Tasks:-

Task-1

The management wants to identify disciplined employees.

Create a new column named **Discipline Status**. An employee should be marked as **"Disciplined Employee"** only when:

- Attendance is 95% or above, and
- Performance Rating is 4 or above.

If any condition is not satisfied, display **"Needs Improvement"**.

Task-2

The HR Department wants to identify employees who are eligible for promotion.

Create a new column named **Promotion Status**.

An employee should be marked **"Eligible for Promotion"** if:

- The employee has **5 or more years of experience AND Performance Rating is 5**

OR

- The employee has **8 or more years of experience**, regardless of rating.

If neither condition is satisfied, display **"Not Eligible"**.

Task-3

Create a new column named **Executive Club Membership**.

An employee qualifies if:

- Salary is **greater than ₹60,000 AND Experience is greater than 5 years**

OR

- Rating is **5 AND Attendance is 98% or above**

OR

- Sales Amount is **greater than ₹300,000**.

Display:

- **"Member"**
- **"Not Member"**

Task-4

The management wants to know how many employees satisfy all of the following conditions simultaneously:

- Department = Sales
- City = Delhi
- Rating = 5

Task-5

The Finance Department wants to calculate the total sales generated by employees who:

- Work in the Sales Department
- Have a Performance Rating of 4 or above

Task-6

Part A – Average Salary Analysis

The HR Department wants to determine the average salary of all employees working in the Finance Department.

Part B – Employee Information Retrieval

The management has received an Employee ID (**E107**) and needs to retrieve the employee's details.

retrieve:

- Employee Name
- Department
- Experience
- Salary

based on the given Employee ID.
